

Pipeline Events & Maintenance Schedule

Public Service Company of Colorado, an Xcel Energy Company

December 26, 2017

<u>Month</u>	<u>Start Date</u>	<u>Finish Date</u>	<u>Point of Concern</u>	<u>PSCo System Operational Impacts</u>	<u>Upstream Pipeline Impacts</u>	<u>Brief Explanation/Notes</u>
January 2018	11/1/2017	3/31/2018	PSCo Rifle Gas Plant	Rifle Gas Plant Resumes Operations.	None	Nominations will be accepted at RGP Receipt Point on a secondary basis. CIG-RIF is the authorized Primary Receipt Point allowed for PSCo firm transportation deliveries into the Rifle/Vail area for all new service requests received.
	1/1/2018	1/31/2018	CIG Pipeline System/Flank; Latigo; Ft. Morgan; Boehm fields	Potential for reduced system flexibility re: imbalance acceptance.	Maximum injection and withdrawal figures are based upon projections for gas-in-place on January 1, 2018. Departure from these projections can affect injection and withdrawal capabilities. Field Injection (I) and Withdrawal (W) in MMcf/d: Boehm - 60,000 I, 124,000 W; Flank - 45,000, 164,000 W; Ft. Morgan - 100,000 I, 450,000 W; Latigo - 55,000 I, 139,000 W.	Storage inventory is projected to be within normal guidelines on January 1, 2018. Thermal quantities related to storage field transactions are determined based upon an average of 1064 Btu/cf. See CIG Notice ID: 117030
	-	-	PSCo Front Range System	No anticipated impact to shippers.	None	Tie-ins and in-servicing of Lancaster Pipeline; Construction at valve sets for future pigging; Tie-ins for new regulator stations and normal pipeline maintenance.
	-	-	PSCo Denver Metro Area	No anticipated impact to shippers.	None	Tie-ins for newly installed pipelines on the intermediate pressure system in Denver; Tie-in for new regulator stations and normal pipeline maintenance.
	-	-	PSCo Mountain Southern	No anticipated impact to shippers.	None	Construction of valve sets for future pigging and normal pipeline maintenance.
	-	-	PSCo Western Slope	No anticipated impact to shippers.	None	No work scheduled and normal pipeline maintenance.
